@book{Alexander_Sadiku_2013, address={New York}, edition={5th ed., International ed}, title={Fundamentals of electric circuits}, publisher={McGraw-Hill}, author={Alexander, Charles K. and Sadiku, Matthew N. O.}, year={2013} }

@book{Croft_Davison_2015, address={Harlow, England}, edition={Fourth edition}, title={Mathematics for engineers}, publisher={Pearson, Prentice Hall}, author={Croft, Tony and Davison, Robert}, year={2015} }

@book{Dorf_Svoboda_2014, address={Hoboken, NJ}, edition={9th edition}, title={Introduction to electric circuits}, publisher={John Wiley & Sons, Inc}, author={Dorf, Richard C. and Svoboda, James A.}, year={2014} }

@book{Floyd_2014, address={Harlow, Essex}, edition={Ninth edition}, title={Principles of electric circuits: conventional current version}, volume={Pearson custom library}, publisher={Pearson}, author={Floyd, Thomas L.}, year={2014} }

@book{Floyd_Buchla_2010, address={Boston, Mass}, edition={8th ed., International ed}, title={Electric circuits fundamentals}, publisher={Pearson}, author={Floyd, Thomas L. and Buchla, David M.}, year={2010} }

@book{Franco_1995, address={Fort Worth}, title={Electric circuits fundamentals}, publisher={Saunders College Pub., Harcourt Brace College Pub}, author={Franco, Sergio}, year={1995} }

@book{Hambley_ProQuest (Firm)_2019, address={New York, NY}, edition={Seventh edition, global edition}, title={Electrical engineering: principles and applications}, url={https://ebookcentral.proquest.com/lib/gla/detail.action?docID=5573664}, publisher={Pearson Educationa Limited}, author={Hambley, Allan R. and ProQuest (Firm)}, year={2019} }

@book{Irwin_Nelms_Patnaik_2015, address={Hoboken, NJ}, edition={11e}, title={Engineering circuit analysis}, publisher={Wiley}, author={Irwin, J. David and Nelms, R. M. and Patnaik, Amalendu}, year={2015} }

@book{James_2020, address={Harlow, England}, edition={Sixth edition}, title={Modern engineering mathematics}, url={https://ebookcentral.proquest.com/lib/gla/detail.action?docID=6036638}, publisher={Pearson}, author={James, Glyn}, year={2020} }

@book{Nahvi_Edminister_Askews & Holts Library Services_2014, address={New York}, edition={Sixth edition}, title={Schaum's outlines electric circuits}, volume={Schaum's

Outline Series},

url={<http://www.vlebooks.com/vleweb/product/openreader?id=GlasgowUni&isbn=9780071830461>}, publisher={McGraw-Hill Education}, author={Nahvi, Mahmood and Edminister, Joseph and Askews & Holts Library Services}, year={2014} }

@book{Nilsson_2015, address={Boston}, edition={Tenth edition}, title={Electric circuits: Nilsson: Professor Emeritus, Iowa State University, Susan A. Riedel, Marquette University}, publisher={Pearson}, author={Nilsson, James William}, year={2015} }

@book{Spiegel_Stephens_2018, address={New York}, edition={Sixth edition}, title={Schaum's outlines: statistics}, url={<https://ebookcentral.proquest.com/lib/gla/detail.action?docID=6255552>}, publisher={McGraw-Hill Education}, author={Spiegel, Murray R. and Stephens, Larry J.}, year={2018} }

@book{Thomas_Rosa_Toussaint_2012, address={Hoboken, NJ}, edition={7th ed}, title={The analysis and design of linear circuits}, publisher={Wiley}, author={Thomas, Roland E. and Rosa, Albert J. and Toussaint, Gregory J.}, year={2012} }
